How We Will Calculate Your Balance: We use a method called "average daily balance (including new purchases)." See below for more details.

Loss of Introductory APR: We may end your introductory APR and apply the Penalty APR if you make a late payment.

Billing Rights: Information on your rights to dispute transactions and how to exercise those rights is provided below.

Truth in Lending Disclosures

COST OF CREDIT: You will pay an **interest CHARGE** for all advances made against your Account. **Interest CHARGES** for cash advances and balance transfers begin to accrue on the date of the advance. New purchases will not incur an **interest CHARGE** on the date they are posted to your Account if you have paid the Account in full by the Payment Due Date shown on your previous monthly statement, or if there was no previous balance.

For cash advances, the daily periodic rate is .048630% (17.75% **ANNUAL PERCENTAGE RATE**). The **ANNUAL PERCENTAGE RATE** for cash advances is non-variable. For purchases and balance transfers, the daily periodic rate is (**ANNUAL PERCENTAGE RATE**). The **ANNUAL PERCENTAGE RATE** for purchases (including balance transfers) is variable and may increase. Unless an Introductory rate is in effect, the periodic rate used to compute the **INTEREST CHARGE** for purchases is based on an index (the "Index"), which is the Prime Rate as published in the Money Rates section of The Wall Street Journal on the 10th day of the month and is subject to change monthly on the first day of each month.

Any change in the Index will be effective on the first day of the billing cycle that ends on or after the date of the change. An increase in the Index will result in an increase in the daily periodic rate, which in turn, may result in higher payments. We will add a margin of 3.99%, 5.99%, or 7.99% to the Index to determine the purchases **ANNUAL PERCENTAGE RATE** or a maximum margin plus prime in order for the rate to equal 17.75%, based on certain creditworthiness criteria. The purchases **ANNUAL PERCENTAGE RATE** is subject to change in the future based on changes in the Index. The daily periodic rate for purchases and cash advances will never be greater than .048630% (17.75% **ANNUAL PERCENTAGE RATE**). The **ANNUAL PERCENTAGE RATE** set forth in this paragraph are referred to as the "Standard Rates."

In addition to the variable-rate aspects of the Account for purchases, the **ANNUAL PERCENTAGE RATE** for purchases is also based on certain credit worthiness criteria. After your Account has been open for at least one year, we may review your creditworthiness from time to time, including when you request a credit limit increase, and adjust your Standard Rate daily periodic rate and corresponding **ANNUAL PERCENTAGE RATE** for purchases by notifying you in accordance with applicable law. If your Standard Rate **ANNUAL PERCENTAGE RATE** for purchases is adjusted based on your credit worthiness, the margin used for calculating rate changes due to changes in the Index will be adjusted. Any **ANNUAL PERCENTAGE RATE** changes to your Account due to changes in your creditworthiness will only affect new purchase balances beginning on the effective date of the change; existing purchase balances will continue to be subject to the **ANNUAL PERCENTAGE RATE** in effect before the date of the change until those balances are paid in full.

The **INTEREST CHARGE** is determined by applying the applicable daily periodic rate to the Average Daily Balance of your Account for each feature category, including certain current transactions. Feature categories include purchases, balance transfers, and cash advances. The Average Daily Balance is arrived at by taking the beginning balance of each feature category each day and adding any new transactions to the balance, except if you have paid your Account in full by the Payment Due Date shown on the previous monthly statement or there is no previous balance, new purchases are not added to the purchases balance. Balance transfers may be shown on your statement in the Promotions feature category. When determining balances, we may combine feature category balances that have the same periodic rate and other **INTEREST CHARGE** terms. We then subtract any payments or credits and unpaid **INTEREST CHARGES** allocated to the feature category balance for the day. This gives us the daily balance for the feature category. The daily balances for each feature category are then added together and divided by the number of days in the billing cycle. The result is the Average Daily Balance for each feature category. The periodic **INTEREST CHARGE** is determined by multiplying each feature category Average Daily Balance by the number of days in the billing cycle and applying the applicable daily periodic rate to the product. The total **INTEREST CHARGE** for each statement period is the sum of the periodic **INTEREST CHARGES** for each feature category.

If at any time a required minimum payment is three or more billing cycles past due, the **ANNUAL PERCENTAGE RATE** for all advances may be increased to a Penalty Rate daily periodic rate of .048630% (17.75% **ANNUAL PERCENTAGE RATE**). After the Penalty Rate becomes effective, it will apply both to current and new balances and it may remain in effect indefinitely. If your minimum payments are made as required for six (6) consecutive months starting on or after the first payment due following the Penalty Rate effective date the Standard Rates for your Account will be restored.

No additional **Interest CHARGES** will be imposed on new purchases shown on your statement if the New Balance shown on the statement is paid in full by the Payment Due Date reflected on the statement. The Payment Due Date is not less than 25 days from the billing cycle closing date shown on your statement.

MILITARY LENDING ACT DISCLOSURE: The following disclosure applies to persons covered by the Military Lending Act-other governmental programs and laws may also govern or apply to this transaction but are not described in the following disclosure. The following disclosure is required by the Military Lending Act.

Federal law provides important protections to members of the Armed Forces and their dependents relating to extensions of consumer credit. In general, the cost of consumer credit to a member of the Armed Forces and his or her dependent may not exceed an annual percentage rate of 36 percent. This rate must include, as applicable to the credit transaction or account: the costs associated with credit insurance premiums; fees for ancillary products sold in connection with the credit transaction; any application fee charged (other than credit application fees for specified credit transactions or accounts); and any participation fee charged (other than certain participation fees for a credit card account).

MINIMUM PAYMENT: Minimum payment amount is \$18.00 or 3.00% of the outstanding balance, whichever is greater.

The information about the cost of the card described in this application is accurate as of . The information may have changed after that date. To find out what may have changes, call us at (800)687-8144 or write us at Education Credit Union, 4400 W. Interstate 40, Amarillo, Tx 79106-5940.
